Tuesday 14th June 2022

Dear Parent and Carer

RE: Restricted Access via Glamis Road

As part of our ongoing site developments, to provide safer routes to and from the Tretherras site for pedestrians and cyclists, Cornwall Council, Cormac and Sustrans are working in partnership with us and are installing new routes on our site.

The first phase of work commences on Monday 4th July 2022 for completion by Wednesday 31st August 2022. The area affected is Tretherras' back field, which impacts pedestrian and cyclist access from Glamis Road, where **there will be no access from Monday 4th July 2022** for the remainder of this term. This also includes the path from Herver Road, between the flats onto the footpath up to the school's back field.

Students will need to use alternative routes which are:

- Sports Centre → rear path towards the Astro → Tretherras School
- Sports Centre → along the Orchard gravel path → Trevenson Road → Tretherras School
- Herver Road → Porth roundabout → Trevenson Road → Tretherras School

Thank you in advance for your support in ensuring your child is punctual and in the correct uniform. Whilst I do appreciate this will cause slight disruption can I please take this opportunity to remind you that all students should be on the school site no later than 8.35am and in their form rooms no later than 8.40am.

Yours sincerely

MR R HIGGINSON
Deputy Headteacher
