

# Which way? Your way!

Cornwall

**The provider directory  
for training, skills  
and qualifications  
2023/2024**

## We work with schools, colleges and employers to help every young person to take their best next step.

- Training and supporting staff in secondary schools and colleges
- Helping businesses to engage with their future workforce
- Sharing practical tools and resources

### Careers Education is:

- Meeting employers, colleges and providers on a regular basis
- An education that links to relevant jobs and skills
- 1:1 support with a qualified careers adviser

THE CAREERS & ENTERPRISE COMPANY

# Which way? Your way!

## Welcome to the second edition of Which Way? Your Way! the Cornwall Training Provider Directory 2023-24.

Brought to you by the Devon and Cornwall Training Providers Network (DCTPN), in partnership with the Cornwall & Isles of Scilly Careers Hub, this Directory will help you learn about the options that are available to you.

Working with training providers across the southwest, and key organisations within the post-16 education, training and skills space we raise awareness of the opportunities available to young people and adults. Our providers support thousands of people into Apprenticeships, further and higher education each year.

For many young people thinking about which way to go next can be a confusing time. This Directory will provide you with clear information, giving you the opportunity to consider the best route for YOU!

Sharron Robbie MBE  
Managing Director DCTPN

### The Directory aims to:

- 1** Support young people and adults in Cornwall with information on the different career progression opportunities available to them.
- 2** Provide information on the wide range of opportunities that are available.
- 3** Provide information on the organisations in Cornwall who manage and deliver post-16 education, training and skills, and the best person for you to contact.

### To provide the information, the Directory has two sections

- 1** A section explaining the many different career progression options covered by this directory available to the reader.
- 2** A summary of the organisations who provide the opportunities, what they offer, where and how to contact them.

# Which way? Your way!

## What are your options?

The options shared in this directory offer information for everybody, whatever you want to do and whatever your starting point.

There are a variety of progression pathways you can take to build your career. Different pathways suit different people due to your location, and the content or style of a course. What is great is that you can choose the best route to achieve your goals. An example of this is that you can take A Levels and progress to university to get a degree, you can also gain a degree in an increasing number of occupations as there are now a wide range of degree level Apprenticeships available – working, being paid and learning.

**Apprenticeships**

**Supported Apprenticeships**

**Supported Internships**

**T Levels**

**Foundation Courses**

**Skills Bootcamps**

**Adult and Community Learning**

**Vocational Courses**

# Helping learners thrive

We are NOCN Group, an educational charity whose core aims are to help learners reach their full potential and organisations thrive. We offer regulated qualifications, apprenticeships, End Point Assessments, and consultancy. Supporting a wide range of industry sectors such as:

**Agriculture, Horticulture and Environmental**

**Construction and the Built Environment**

**Education and Training**

**Transport and Logistics**

**Financial Services**

**Health and Social Care**

**Hospitality and Catering**

**Facility Management**

**Management and Productivity**

**Retail, Sales and Marketing**

**Science, Technology, Engineering and Manufacturing**

To find out more about our range of services scan the QR code below:

## Why choose NOCN?

**We influence:** We work closely with regulators and governments to influence policy decisions affecting the sector on behalf of the providers we serve.

**We specialise:** Our subject matter experts create learning content tailored to meet the future needs of the sectors we operate in.

**We care:** We aim to work in partnership with our customers, offering support and training to ensure an excellent learner experience.

**We are sustainable:** In our pursuit to create long term ecological, social and economic value in all that we do to support the Net Zero economy through individual actions and organisational strategy and initiatives.

# Apprenticeships

An Apprenticeship is a real job, with a real employer, where the apprentice will work full-time whilst learning new skills and knowledge towards an Apprenticeship standard.

## Apprenticeship benefits

Apprenticeships are an exciting paid option for anyone wanting to gain experience, upskill or change career because they offer the chance to earn a wage whilst they work and study. Apprenticeship programmes support all Uni applications.

**Employed**

**Paid a salary**

**Contract**

**Typically  
1-4 years +**

**600+**

**Apprenticeship  
routes**

**Level 2 -  
degree level**

**Coming  
soon**

Plans to allow UCAS points to be gained on completion of a Level 3 or Level 4 Apprenticeship, which will further support a university application.

# Supported Apprenticeships

The same as an Apprenticeship with added support for the apprentice and the employer if there are additional special needs required by the apprentice, this may include education or ability needs.

**Employed**

**Paid a salary**

**Contract**

**600+**  
**Apprenticeship  
routes**

**Typically  
1-4 years +**

**Added support**

# Supported Internships

Supported internships are a great opportunity to improve the life chances of young people with Special Educational Needs and/or Disability (SEND), who have an Education Health and Care (EHC) Plan, by supporting them into sustained, paid employment. For more information contact your local college, training provider or school careers leader.

Work-based study programme

**16-24**  
year olds

Increased health and well-being

Build confidence and self-esteem

Unpaid

**70%**

Typical work-placement

**6** min **12** max

Duration in months

Gain the skills needed for a job

Gain friendships and a social life

# A Levels

Short for Advanced Level, A Levels come after GCSEs. They usually focus on academic subjects, compared to vocational qualifications like BTECs and NVQs, which are more practical. There are more than 40 different A level subjects on offer – some will be subjects that you studied at GCSE and others maybe new.

Recognised internationally

2 year course of study

16+  
year-olds

Route to higher education

Earn UCAS points

Improve your job prospects

Range of subjects

Gold standard for uni entry

A range of environments

# T Levels

The term used for Technical Levels, T Levels are a practical, employer-led alternative to A Levels, designed to get students work ready. T Levels attract valuable UCAS Points too!

## Structure of a T Level

A technical qualification, which includes:

- core theory, concepts and skills for an industry area
- specialist skills and knowledge for an occupation or career
- an industry placement with an employer

Get work ready

24

courses by  
2025

Level 2 maths  
and English

Alternative to  
A Levels

1 T Level =  
3 A Levels

Designed by  
employers

45 day industry  
placement

Progression  
options

# Foundation Courses

A foundation course will help you build your confidence and improve your knowledge and skills. Study can be undertaken at college or with an independent training provider. You can study a range of subjects, or you may choose to focus on one subject to give you an insight to a specific subject area or course. These courses prepare you for further study or employment.

Wide range of courses

CV writing

Progression options

**16+**  
year-olds

Interview techniques

Boost your confidence

# Skills Bootcamps

Skills Bootcamps offer free, flexible courses of up to 16 weeks. You'll be offered a job interview with an employer once completed. Available to anyone aged 19+ they can provide accelerated learning and entry to new opportunities such as an Apprenticeship or into growing sectors such as green skills or construction. They provide high quality training enabling you to gain sector-specific skills across a range of job roles.

**Fast track  
job interview**

**May support entry  
into a new sector**

**Boost  
your  
current  
skillset**

**Accelerated  
advanced  
technical skills**

**19+**  
year-olds

**Job interview  
preparation**

**Enhanced  
employability  
skills**

**Compressed  
Level 3 offer**

**Progress to job or  
apprenticeship**

# Vocational Courses

A training programme which focuses on practical work. The 'Vocational' part of the name refers to the fact that these courses prepare you for a vocation – a particular skillset required in different types of jobs. For people aged 19+ Skills Bootcamps can provide accelerated learning and entry to new opportunities, see page 14 for more information.

**Focus on practical work**

**Progress to further study**

**Gain transferable skills**

**Learning in real situations**

**Gain an L2 or L3 qualification**

**Progress to skilled employment**

**Develop skills and knowledge**

**Meet the needs of employers**

**Some L3 quals attract UCAS points**

# Adult and Community Learning

Provides learning opportunities for adults and families who are 19 years of age or older with courses that are designed to help you get a job or gain new skills for work. Other courses offer opportunities to improve your health and mental wellbeing.

Wide range of courses

19+  
year-olds

Gain qualifications

# Notes

## The Apprenticeship Support & Knowledge for schools and colleges programme (ASK)

The ASK programme is funded by the Department for Education and offers free support to educational establishments in England to increase awareness of apprenticeships and T Levels. The ASK programme is a PAL Compliant Provider.

### FACE-TO-FACE AND VIRTUAL ACTIVITIES

Your delivery partner will discuss the most suitable activities to meet your school or college's needs.

#### What support is available?

The programme offers a range of free and engaging activities, workshops and resources, which include:

#### Students

- Awareness assemblies
- Apprenticeship registration & application workshops
- Mock assessment centre workshops
- Mock interview sessions
- Careers fairs
- 'Career starter' apprenticeship sessions

#### Teachers and careers advisers

An online learning & development programme is available (see below).

Face to face activities can still be arranged where required with your delivery partner, which include:

- Awareness presentations
- Teacher CPD/inset days
- Apprenticeship application information session

#### Parents and carers

- Apprenticeship and T Level awareness presentations
- Apprenticeship application information sessions
- Attendance at parents' evenings or parent/carer events e.g. information evenings

Parents and carers can also join the online programme below.

#### Teachers and careers advisers

#### Parents and carers

#### Learning and development webinars

We are offering an online learning & development programme for teachers, careers advisers, parents and carers. The programme will run as a series of monthly webinars, which can be joined live or watched on catch up. The programme aims to increase awareness and confidence around apprenticeships and technical education and help those advising young people to understand the options available and how to support young people with decisions around their next steps. To book onto the workshops, visit: [www.amazingapprenticeships.com/workshops-webinars](http://www.amazingapprenticeships.com/workshops-webinars)

**For more information, visit [www.apprenticeships.gov.uk](http://www.apprenticeships.gov.uk)**
