Production Apprenticeship Level 3 BBC Introducing

An apprenticeship at the BBC gives you the opportunity to kick-start your career in a job you'll love. We're the industry leaders in early careers and are committed to your skills and talent development. As one of the world's most creative and technologically advanced organisations for the last 100 years, an apprenticeship at the BBC means the opportunity to learn from the most respected and experienced professionals in the business.

The Production Apprenticeship Scheme helps you to gain experience with our BBC production teams across the UK, making world-class content for our audiences on radio, TV or digital platforms. You'll learn on-the-job as part of a BBC production team, developing your knowledge and skills in an area that interests you, while working towards your Production apprenticeship qualification with one of our learning providers.

You'll learn a wide range of skills and gain a breadth of real-life experience which may include helping to develop ideas and stories; learning how to use technical equipment and specialist software; assisting your team on location/in studio; finding guests and participants; researching content; creating content for social media; helping out/'running' on the studio floor; in a TV gallery or in a radio studio. All the while, you'll be learning content-making skills from experienced production team members as well as expert BBC trainers.

Location: Truro

Closing Date: 17/01/2025

Overhead Lines Advanced Apprentice

The apprenticeship programme takes approximately three years to complete, and you'll spend your first 12 weeks being inducted onto the programme at one of our Training Centres. You'll earn while you learn and develop your knowledge, skills and behaviours to become a Power Networks Craftsperson, achieving a City & Guilds Level 2 Qualification in Electrical Engineering. Your Training will include periods of on-the-job training and development, learning from an experienced and qualified Overhead Linesperson. Following a formal assessment of your knowledge, skills and behaviours, you'll become a qualified Overhead Linesperson yourself. Overhead Linespersons are overhead line engineers who work at height constructing, maintaining, testing, repairing and replacing overhead lines and equipment. You will represent National Grid and carry out work handed down by other areas of the business.

Join us, and we'll see you participate in craft skills activities on the live LV network, on dead LV, HV and EHV circuits (live HV circuits if part of a Hot Glove team). You'll help with network operations, connect generators and services and organise your own projects. You'll also:

- Construct and alter overhead lines, install pole mounted plant, run and terminate cables to plant and overhead lines
- Carry out routine inspection, maintenance and repairs of overhead equipment

- Record asset routes, details and positions
- Record plant details
- Locate and identify cables, test insulation, phasing and continuity on LV cables
- Test earthing, voltage, phasing and phase rotation
- Write outage requests and switching programmes for simple outages

Location: Bodmin

Closing Date: n/a

Employer Name: National Grid

Wage: £17,649 for 1st year

Starting Date: 09/2025

[Apply Here](#)

Jointer Advanced Apprentice

The apprenticeship programme takes approximately three years to complete, and you'll spend your first 12 weeks being inducted onto the programme at one of our Training Centres. You'll earn while you learn and develop your knowledge, skills and behaviours to become a Power Networks Craftsperson, achieving a City & Guilds Level 2 Qualification in Electrical Engineering. Your training will include periods of on-the-job training and development, learning from an experienced and qualified Jointer. Following a formal assessment of your knowledge, skills and behaviours, you'll become a qualified Jointer yourself.

Jointers are underground cable engineers who carry out excavation, cable laying, reinstatement and fault location on LV cables.

Join us, and we'll see you participate in craft skills activities on the LV, HV and EHV (Low, High & Extremely high voltage) network. You'll help with network operations, connect generators and services and organise your own projects. You'll also:

- Construct distribution substations, excavate, lay and joint cables, and terminate cables to plant
- Carry out routine inspection, locate faults and carry out repairs on underground cables and equipment
- Record asset details and positions
- Locate and identify cables, test insulation, phasing and continuity.
- Test earthing, voltage, phasing and phase rotation
- Carry out switching operations on the LV network
- Connect Generators
- Organise your own projects

Location: Bodmin

ACA Accountancy Apprenticeship

As a part of our apprenticeship programme, you'll have the opportunity to join one of two streams. You will either join our largest and fastest growing Audit department where you'll be gaining hands on experience with clients from day one! Or, you'll experience rotations as part of our Launch Pad Scheme working in a range of teams before settling into a department. Either way, you'll get to work with a wide array of sectors – as your experience grows so will the level of responsibility that you have. Recognised as an ICAEW Partner in Learning, you will study for the ACA qualification, enabling you to become a chartered accountant within five years.

You will be supported to complete a wide range of professional and personal development over the course of the 5-year programme, both remotely and face to face, to ensure that you have the skills and knowledge that you need to aid your future career development.

Location: Truro

Closing Date: n/a

Employer Name: Bishop Fleming

Wage: n/a

Starting Date: 9/2025

[Apply Here](#)

AAT Accountancy Apprenticeship

One thing we can guarantee is that no two days will be the same. Every client is different, so you'll be challenged with new opportunities daily. You'll work across a variety of sectors, experiencing a wide range of high-quality clients, from start-ups, AIM-listed companies, and inspirational not-for-profit organisations. As a trainee accountant you will work in either our audit & assurance or business advisory teams.

In Business Advisory you'll learn the fundamentals of bookkeeping and accounting by helping our clients prepare year-end accounts, management accounts, forecasts, and projections. As you develop, you'll advance onto managing budgets and evaluating financial performance, as well as personal and corporate tax.

In Audit & Assurance you'll regularly visit clients' premises, so every day is different. You get to work in small project teams (typically 2-4 people) on a wide range of medium sized and large businesses for 1-2 weeks at a time. This is a great way to learn and develop technical, commercial and personal skills. You'll identify key issues and risks facing a business each year and use data analytics tools as part of ensuring information reported is accurate and reliable. You'll also gain experience in preparing annual statutory accounts and tax calculations, as well as assessing forecasts and projections.
